

## **Status Report June 24, 2010**

509 U.S. Fish and Wildlife personnel are actively responding to the spill.

A larger bird rehabilitation center in Covington, LA will replace the facility in Ft. Jackson, LA.

Heavy oil sheen with scattered tar balls was observed around Grand Terre and Barataria Bay in Louisiana.

Heavy oil cleanup continues in the marsh at Pass a Loutre, LA. Subsurface oil was observed near North Breton Island National Wildlife Refuge and 17 miles south of South West Pass in LA.

A second helicopter began operations in the area of Mobile, AL. Mattes of emulsified oil are still in a tidal zone of Bon Secour in Mobile, AL.

Aerial and recovery missions are planned for Barataria Bay, Timbalier and Terrebonne Bay, South West Pass and Chandeleur Islands, Biloxi Marsh and Breton Sound.
